According to PDE, the Director of Special Education or his/her designee should inform the family not to assume the device will be billed to Medical Assistance (MA), even if a child's MA number is provided on an equipment acquisition form. If the device is billed to MA, the Director of Special Education or his/her designee will notify the parents by sending a transfer of ownership letter.

When the parents are in receipt of the transfer of ownership letter, the billing process has begun. If the billing is ultimately rejected by MA, the parents will be informed by letter. The Director of Special Education or his/her designee may not delay or deny a student's receipt of assistive technology while it attempts to secure MA funding and is directed to comply with any applicable procedures as modified by PDE.
